## **Registration and Enrollment**

**Registration opens for current students on January 2, 2012.** Please remember that this works on a first-come, first-served basis and that I will refer to the point system described in our by-laws, when registering students. After that, there will be a lottery for the remaining spaces in each class. I will take registrations as long as there are open spots to fill. After that, your child will be placed on a waiting list and I will notify you of this status.

**Please note that there is a \$70 nonrefundable registration fee per student.** Additional students from the same family will pay a \$35 nonrefundable registration fee for each additional child registered. **The registration fee must accompany your registration form!** Also, please remember that each child needs his/her own registration form. Your child will not be registered until the registration fee is paid. Remember that registration opens to the public on February 1, 2012.
